This document details our approach to handling complaints; we always aim to provide you with the best possible service but we understand that there are times when you may need to contact us to discuss an issue.

The National Rail Conditions of Travel also detail your entitlements if the service is not to the standard expected (these are available from any staffed station, our customer services team or online at [here](#)). At South Western Railway (SWR) we use the Office of Rail and Road's (ORR) definition of a complaint as:

'Any expression of dissatisfaction by a customer, or potential customer about service delivery or company or industry policy'

Complaints handling values

Feedback mechanism and response

We want to hear from you, through this document, our continually improving contact mechanisms are detailed and we always welcome suggestions for how we can improve.

How to make a complaint

If you're unhappy with any aspect of our service, there are several ways you can tell us.

Talk to our staff at the station or on the train

We train our staff to handle complaints fairly and efficiently, and to solve any problems there and then, if they can, and we provide a number of tools to enable this to happen.

If you want your complaint to be formally recorded, or it involves a member of SWR staff and will require investigation into what happened, we will either provide one of our complaint forms or the contact details for our Customer Relations Team. Forms are available at all South Western Railway staffed stations and Customer Relations contact information is available from all SWR staff.

Get in touch with our Customer Relations Team

If you don't tell our staff straight away, you can get in touch with our Customer Relations Team, between 0600 and 2200 every day, except Christmas Day and Boxing Day, and outside of these hours a recorded message will advise when the centre will be open. Meet our managers

We want to get to know our customers, so we can shape a service that best matches your needs.

We hold regular sessions where you can talk to our senior managers and directors about our service, have the opportunity to ask questions and raise issues or complaints in person. Details of these will be promoted on our social media feeds or our Customer Relations Team will be able to supply you with details.

We will be launching a web-based customer forum which is accessible 24 hours a day to enable customers to have their say at a time that suits them, on a range of topics including but not limited to service quality, pricing, website or app feedback. Responses will be gathered and used in our business planning process. This forum is not monitored in real

time, please use one of our other contact channels to reach a staff member. In addition to this, we will also be facilitating an Accessibility Forum which will meet 3 times a year to enable us to better understand the needs and opinions of customers who may have differing requirements when travelling with us. Information on how to join these forums is available through our Customer Relations Team or on our website at

Making a complaint – what to include

The more information you give us about your complaint, the sooner we can get back to you with a full reply. For example, please include:

- Your Full Contact Details
- The time and date of your journeys.
- A detailed description of the series of events that took place.
- The stations you travelled to and from.
- Copies of your tickets and any other documents that might help, this is not essential but where possible can help us identify trains or staff involved.
- Any additional information that you feel will help us investigate the complaint.

Helping you make a complaint

You can ask a friend, family member, guardian, support worker or carer to make a complaint on your behalf although we will need your permission for us to deal with another person before we discuss the complaint, this is so we comply with the GDPR regulations. This does not apply if you are the parent or guardian of a child aged 16 or under.

We will accept complaints made by an intermediary organisation on your behalf, to be able to do this we will require explicit consent from you that the third party has the right to act on your behalf.

Giving you the best service we can

We want every experience you have with us to be an easy one so we work hard to give you a great service every time. Regretfully we know sometimes things go wrong. If they do, we want to hear about it so we can make it right, and stop it happening again.

If you do want to complain, we want to make it as easy as possible for you. We would prefer that you don't have a reason to be unhappy, here are some of the things we do to make that happen:

- We make sure you can find the information you want quickly and easily.
- We give our people the information, tools and training they need to answer your questions and resolve any problem on the spot.
- We're always looking for ways to improve our service and working with our people and processes to make them a reality. To prove this commitment, we will produce a twice-yearly Customer Report which will be available on our website or through our Customer Relations Team.

Handling complaints fairly and efficiently

Our complaint handling process not only makes it easy for you to tell us you're unhappy, but helps us to put things right for you as quickly and fairly as we can. Here's how:

- We write everything clearly and in plain English so there's no room for confusion.
- We investigate every complaint fully and fairly, steps of investigation will vary based on the complaint, but we commit to use available tools such as internal records, industry data, CCTV and staff interviews to investigate complaints where required.
- We keep your details confidential and full details of our privacy policy are available on our website.
- We address every point you raise with us, so you get a full reply.
- We do everything we can to put things right for you first time.
- We monitor and audit our responses to make sure they're of a high standard.
- Our managers get regular updates about the complaints, so we can make changes where we need to.
- We review our Complaints Handling Procedure every year to make sure it's effective.
- Dealing with volumes of complaints – we are aware that at times there will be increases in customer contacts as such we work to ensure there are always enough staff to respond to your complaint within our timescales.

As a guide, the following shows the steps that we take when investigating a complaint:

- Analyse your complaint, to make sure we identify all the elements in it and any facts to be checked.
- Evidence gathering, we will look at service records, and compare what you experienced with what our policies promise you should experience - if we need more information from you, we will ask for it.
- Investigation: Corroboration and analysis: an objective review of all the evidence including talking to any staff involved.
- Sum all this up to compare what happened to you with what should have happened.
- Understand the reasons why it happened, so that we can explain it to you.
- Respond: Send you a response which as far as possible resolves your complaint in full.

When a third party's involved

If your complaint involves another rail company, we'll send your complaint to them and ask them to get in touch and we will let you know when we've done that. If the third party is Network Rail we will advise you to contact them directly and let them know to expect contact from you. Claims for delayed trains (if travelling on a South Western Railway service) will be dealt with by us regardless of who was responsible for the delay.

If your complaint involves a journey that features more than one rail company, we will liaise with the other companies involved to ensure you receive a co-ordinated response.

We work with a number of third parties to deliver different aspects of our service safely, for instance catering contractors and cleaning providers. If your complaint involves one of those parties, you won't need to contact them directly. We will deal with your complaint as the contractor works on our behalf.

Penalty Fare/Unpaid Fares Notice/Ticket Irregularity Report

If your complaint relates to the issuing of a Penalty Fare, Unpaid Fares Notice or a Ticket Irregularity Report that has been filed and you want to make an appeal you should do so within 21 days of receiving the notice.

Where your appeal is handled by a third party, we are informed of relevant details to help reach a satisfactory solution for you, the independent appeals process does remain impartial.

Appeals can be made in writing to;

**The Independent Appeals Service,
PO BOX 212,
Petersfield
GU32 9BQ**

Full details of our Revenue Protection Policy can be viewed on our website

www.southwesternrailway.com

Complaints about ticket sales will be dealt with if you bought your ticket from a South Western Railway sales point (booking office, ticket machine, staff member, website or app). Tickets bought from third party retailers should be directed to the retailer.

Claiming for losses, personal injury or property damage

If you need to claim for losses, property damage or personal injury, please write to or email our Customer Relations Team. Please also make our staff aware straightaway of any injury or damage to property you sustain whilst travelling on our trains or through our stations. Letting our staff know if there has been an issue will allow them to make areas safe and prevent anyone else suffering injury or damage. Where possible they will aim to resolve your complaint personally, however there are times when they may need to pass your details onto our claim handlers. If this is the case, they will ensure that this is done and inform you of the status of your case.

Delay Repay - If your overall journey was delayed by 15 minutes or longer, you may be entitled to claim compensation under our Delay Repay scheme (except when delays are caused by planned engineering works or another train operating company). You may also be eligible to claim if you've missed your connection to other National Rail services because of a delay or cancellation on your SWR train.

Details of the scheme are outlined in our Passenger's Charter – you can find out more on our website or pick up a copy from one of our staffed stations.

Complaint Management

We reserve the right to terminate any correspondence or communication that could be construed as abusive or bullying in content, voluminous, frivolous or vexatious, or which specifically diverts resources and affects the Customer Relations area of the operation. This is a decision that we take very seriously and prior to taking it, your case will be reviewed by a senior manager and we will always consult with Transport Focus or London TravelWatch before making any such decision. We will advise you in writing of the reasons behind the decision. This will not affect your right to appeal to The Rail Ombudsman and we will provide their details at the time the decision is made.

Training

All South Western Railway staff receive training in how to identify and resolve customer complaints. An ability and empathy to do so also forms part of our recruitment process and is embedded into the customer focused culture of the business. We believe that where possible a customer query is best dealt with in real time, to this effect we are committed to empowering our staff to best handle customer queries. A roll out of new mobile devices along with our custom business applications allow staff access to up to date train running and connection information. We will also be rolling out a 'Back On Track' system which allows our staff to best resolve a customer issue face to face, enabling journeys to be carried out as satisfactorily as possible.

We commit to ensuring all South Western Railway staff, including any staff working on our behalf, are aware of our Complaints Handling Procedure and know how to direct complaints to the Customer Relations Team. Our Social Media team are trained to acknowledge when a customer alludes to wishing to make a complaint and have a full understanding of where to direct the customer.

Our Customer Relations Teams receive extensive training regarding how to identify a complaint, how to ensure each issue raised with us within that complaint is accurately recorded on our Customer Relationship Management system and how to resolve the complaint to the customer's satisfaction.

Quality assurance

We regularly monitor our Complaints Handling Process to make sure it is as effective as possible and adheres to the standards and commitments we have made to our customers.

All calls to our Customer Relations Team are recorded and monitored to make sure we are dealing with complaints in the best way possible.

The Customer Experience team reviews a sample of both calls and correspondence sent to our Customer Relations Team.

Each Customer Support advisor has their work monitored against a Quality Assurance framework to make sure our high standards are maintained. When appropriate additional training and coaching is provided.

We also survey passengers who have used our Customer Relations service to see how satisfied they were with the process, and outcome of their complaint.

Taking your complaint further

If you're unhappy with our first reply, we'll look at your complaint again for you. We'll also make sure a manager reviews both your complaint and our initial response to make sure any mistakes are spotted. This process will be carried out as quickly as possible, you will usually be contacted by one of our Contact Centre teams (in writing) to relay the findings of our further investigation.

Escalating your complaint with us does not prevent you from also involving the relevant passenger body as detailed below – please note this can only be done 40 days from the date of your initial complaint;

The Rail Ombudsman is an independent, not-for-profit organisation. They offer a free, expert service to help sort out unresolved customer complaints about service providers within the rail industry. How we deal with complaints and complaints data

Improving our service

We understand that the needs of the customers and communities which we serve change from time to time. We want to ensure that we respond to that change to exceed your expectations, and our own high standards.

When we receive your views, we record the good and bad elements and share these accordingly, whilst we are aware of the need to improve and to use customer feedback to develop the service provided, it is also right to recognise our colleagues who are performing to a high standard. We use positive feedback to share best practice and improve the services we offer.

The reports help us work out where we can improve, and what changes we need to make to give our customers a great service. That's why we're always happy to hear from you.

We will:

- Use the complaint data to identify the root causes of complaints.
- Take action to reduce the chance of a similar issue happening again.
- Regularly review our performance when dealing with complaints to improve how we deal with them.

We will also provide data to the ORR on the number of comments and complaints we receive and how quickly we deal with them.

Governance, Policy and Leadership

Our Managing Director looks after an executive team of directors who are responsible for different areas of the company. Complaints sits under the Customer Experience directorate, under the Customer Experience Director.

Information about our overall complaint levels and topics are fed monthly into the Customer Experience Review Group which is chaired by our Head of Customer Contact, the outcomes of the review group along with information about our complaints are then fed into a Customer Experience Strategy Group, directors of the franchise will use the information when planning the future of the business. Trend analysis of complaints will allow the executive team to develop our business strategy around areas identified for improvement and satisfaction.

Recording complaints

All complaints, are recorded on our Customer Relationship Management (CRM) system. This data is collated centrally and used to generate a number of daily, weekly and monthly reports that are passed to the managers responsible for that area of the business, so trends can be identified, and problems resolved.

Each time a customer contacts us it is important, and we value feedback on the service we have provided, complaints feed into an internal continuous improvement process which seeks to identify the underlying causes of customer dissatisfaction.

South Western Railway complaint data is also shared with the Office of Road and Rail on a weekly basis. We are committed to industry standard data reporting and we meet the requirements of the ORR's core data reporting.

Record keeping

All complaints are recorded along with general information that helps us identify areas of improvement. They include:

- Journey information such as where the journey began and ended.
- The date of travel.
- The class of travel.
- The type of ticket held.
- The name of the advisor who dealt with the complaint.
- The date we received the complaint, and the date we responded.
