

WEST OF ENGLAND LINE

On 19 May 2019, South Western Railway will be introducing changes to its timetable, adding over 300 train services per week across the network.

Many of these service enhancements are based on consultations that were undertaken with stakeholders. We are very pleased to see these improvements come to fruition.

The main highlights for the West of England line are:

- Additional off-peak services extended to / from Yeovil Junction from Salisbury creating new Yeovil – Waterloo journey options
- The summer Saturday service to / from Weymouth via Yeovil returns and is extended to run from Waterloo
- Additional direct services between Castle Cary, Bruton, Frome, Westbury, Trowbridge, Warminster, Keynsham, Oldfield Park, Bath Spa, Bristol Temple Meads and Salisbury, Clapham Junction and Waterloo
- Bruton and Frome now have opportunities for day trips to London by direct services
- The new 19.35 return service from Bristol and Bath to Basingstoke offers opportunities for longer day or afternoon trips
- Additional calls at Clapham Junction on some Waterloo – Salisbury / Yeovil services improving connection options and spreading demand from Exeter services
- Additional calls at Oldfield Park to serve Bath University's campus and Hayesfield Girls School
- Additional evening Waterloo – Salisbury (and return) services adding additional capacity and providing faster journey times between Waterloo, Andover and Salisbury. This makes an evening out in London more enjoyable.
- New Salisbury – Reading services on Sundays, opening up new journey opportunities and connections via Reading as well as significantly improving service frequencies for Salisbury and Andover
- 20.20 Waterloo – Axminster (Saturday) service extended to Honiton and 22.20 Waterloo to Salisbury (Monday to Friday) extends to Gillingham, both offering new journey options from London in the evenings
- Additional calls at Pinhoe, improving journey options and capacity for the new housing and employment in the area
- Stopping patterns at Whimple and Feniton altered to improve performance of services in the Exeter area
