

MAINLINE AND ISLAND LINE

On 19 May 2019, South Western Railway will be introducing changes to its timetable, adding over 300 train services per week across the network.

Many of these service enhancements are based on consultations that were undertaken with stakeholders. We are very pleased to see these improvements come to fruition.

The highlights for the Southampton main line are:

- Additional services from Southampton / Bournemouth / Poole area stations to / from Waterloo
- Additional peak hour services on the Southampton mainline
- Some faster Waterloo / Weymouth services
- Additional services between Waterloo and Hedge End, Botley and Fareham
- Additional fast Sunday evening service from Poole and Waterloo calling at Bournemouth and Southampton Central only – reduces overcrowding on Weymouth services
- New Basingstoke to Reading, Andover and Salisbury services on Sundays
- Additional fast Monday – Saturday evening services between Basingstoke, Woking and Waterloo with additional peak hour services
- Additional Clapham Junction calls on West of England services to / from Basingstoke and Woking outside peak periods
- The Island Line summer Sunday service of two trains per hour will continue throughout the winter
- The detailed changes to the main line and Island Line services have been grouped below as follows:
- New, extended or reduced services
- Changes to stopping patterns (some of these are incorporated in 1. above)

New Extended or Reduced Services

Mondays to Fridays
