

READING AND WINDSOR LINES

On 19 May 2019, South Western Railway will be introducing changes to its timetable, adding over 300 train services per week across the network.

Many of these service enhancements are based on consultations that were undertaken with stakeholders. We are very pleased to see these improvements come to fruition.

The main highlights for the Reading and Windsor lines are:

- There will be a change to the Ascot to Guildford service which has been split into two new ½ hourly services, Ascot to Aldershot and Guildford to Farnham.
- The Reading to Waterloo line will see two additional trains during the morning peak and an additional service during the evening peak.
- Passengers travelling between Hounslow via Brentford to Waterloo will benefit from two new morning and one evening peak time service with faster journey times
- The Waterloo to Farnham (via Ascot) route will see an additional morning and evening peak service
- The Windsor to Waterloo route will see an additional morning and evening peak service
- On Sundays, there will be a new Salisbury to Reading (via Basingstoke) service

New Services (Mondays to Saturdays)

The current ½ hourly Ascot to Guildford via Aldershot service will be replaced by a ½ hourly Ascot to Aldershot and a ½ hourly Guildford to Farnham service. Current gaps in the evening service are filled to provide a ½ hourly service on both sections of the route. Peak through services will be retained between Frimley, Camberley and Bagshot to Waterloo with the evening peak service enhanced.
